Buildings & Grounds Committee Report

- Joe Kelly discussed proposals he received from Barnhill and S.J. Wooten for repaying the road leading into Taberna Landing. During the discussion it was reported that there was once the possibility for the City to take over responsibility for this private road. Action on these bids was postponed until Joe pursues whether this is indeed a possibility

- A request was submitted from a property owner in Sellhorn whose property backs up to a landlocked piece of THOA property. He is clearing his backyard and wants to know if he can clear some THOA property as well. The following motion was approved by the Board:

Ren Klawson presented the results of three bids for building the additional walkway along the Naturpark trail. The costs were \$2,700, \$4,475 and \$9,000. In order to take advantage of the lowest bid he presented the following three proposals regarding the hiring of contractors without Workman's Compensation insurance:

- Have our attorney confirm the Insurance Center commercial department interpretation that the THOA is not liable for damages as the NC statues only require comp insurance for businesses with 3 or more employees
- Consider an annual THOA purchase of comp & liability insurance for good contractors w/o insurance, etc.
- Consider working uninsured contractors through CAS as they already carry workman's comp and liability insurance

While the Board consensus is that all workers on THOA managed properties be properly insured it was determined that this issue be tabled until the March meeting in order to give Brooke Baughn and Joe Kelly time to pursue additional options for moving ahead with this construction

FW: Walkway Project THOA Meeting 2-26

Board,

We were running over on time last night, so I skipped a couple of items:

- 1. Crime Watch Committee completed their update of Area Captains and the update has been posted on the Taberna website.
- 2. Katie had a request for the HOA owner list and updates by the Garden Club. Since that club is not an HOA committee, she turned down the request due to the confidentiality of the listing.

I found a copy of the Wetlands Map Approved by the NC Environmental Management Commission (NCEMC) Division of Water Quality on Nov 19, 2007. The Taberna Stormwater Permit is No. SW7070422. (I think the HOA copy of the permit is in the office files.) The map simply shows Zone A-6 (obviously the wetlands), Zone B (very small fringe area), Zone C (areas bordering wetlands), and unzoned (high ground). It is the same map as the "Enlargement and Interpretation of the Flood Insurance Rate Map dated Mar 01, 2001 (this is probably one of the maps on the rack in the office). I have not been able to identify the zone code, but assume A identifies wetlands and 6 is the type of wetlands.

We discussed a policy for Reimbursable Expenses, but did not reach any conclusion. The motion and details should come from the Finance Committee and Treasurer. My suggestion is that it include an explanation "reimbursable expense for purchases required for committee related operations", a cap dollar figure such as "for less than \$200", and how to go over the cap "any greater expense as pre-authorized by the board". For example – 1. The whistles (sound producing devices required by Federal and State law) or occasional replacement of a paddle or two for the Canoes –straight reimbursement. 2. Replacement of all the paddles or life jackets at the same time – prior approval. Also that no reimbursement be for contracted work as contracts need to be authorized and paid by the association.

I received the following email from Ren Klawson and am sharing with the Board.

In response, we need to add to the agenda for the next meeting that the board discuss a policy that would prevent similar problems in the future (and resolve this one). My thoughts on a policy is to authorize B&G, with assistance from our community manager, to handle the contract for any construction project proposed by a committee and approved by the board, especially if the project will be turned over to B&G to maintain.

Jim:

I'm not sure the 3 proposals I made yesterday were recorded. They were:

The Insurance Center commercial department indicates the THOA is not liable as the NC statues only require comp insurance for 3 or more employees. We should have our lawyer confirm.

The THOA should consider the annual purchase of comp & liability if they have good contractors w/o insurance etc. Approx cost \$1500 and would easily be paid back with lower bids. Our current insurance may already have the liability covered reducing the costs to 1k.

Consider working these contractors through CAS as they already carry that insurance.

Further if B&G gets quotes my preference would be that they carry through and oversee the work etc. as Joe would not reveal who he had in mind or pass their names on for Naturpark followup. I assume Mr. Kelly would not profit from using any of his subs

I could not find Louise Vondran or I believe her husband Duffy in the directory. Could you pass this on for inclusion in the minutes where appropriate.

Ren
