## TABERNA'S Application for Architectural Review

The architectural review process is an effort to promote harmonious, quality development in the Taberna community. The information requested on the attached checklist will allow the Architectural Control Committee to ensure compliance with the community's protective covenants and conformity with the general character of the neighborhood. The end result of this process will be a quality neighborhood that will protect and enhance your investment in your home site.

In planning your new home, assistance in this process is available from the Taberna Homeowners Association. The Architecture Control Committee can be contacted by emailing Michael Miller at carmike 1016@gmail.com

The Application for Architectural Review requires the following: Completion of the attached checklist,

3 copies of your site plan,

2 copies of your house plan.

3 copies of the your application

Please submit for review to:
Taberna Architectural Control Committee
c/o Michael Miller
902 Taberna Circle
New Bern, NC 28562

As stated in the protective covenants, the Architectural Control Committee will review your site plan, your house plan and the required information provided on the attached checklist.

Within thirty days, the committee will notify you in writing of your application's complete approval, its conditional approval or may request additional information necessary to complete the application. The committee will make every effort to work with you and guide you through the application process.

This application must be completed and approved <u>prior</u> to clearing your home site and beginning construction of your home.

We thank you for completing the enclosed Application for Architectural Review.
